SUMMARY

A Full Stack MERN developer with expertise in Data Structures and Algorithms. As an aspiring software developer engineer, I am passionate about developing innovative solutions that make a positive impact on people's lives. With a strong foundation in Data Structures and Algorithms, as well as extensive experience in C++ and MERN Stack, I am well-equipped to tackle complex software engineering challenges.

EDUCATION

Indian Institute of Technology (BHU), Varanasi
3rd Year, B.Tech-M.Tech Dual Degree

November 2020 - Present
Overall CPI: 9.16/10

Pt. Deendayal Upadhyay S.D.V, Kanpur

Higher Secondary Education (XII)

Computer Science, Physics, Chemistry, Mathematics (CBSE Board)

2017-2019
Overall percentage: 95.0 %
School Rank-2

Pt. Deendayal Upadhyay S.D.V, Kanpur

Secondary Education (X)

Foundation of IT, Science, Mathematics (CBSE Board)

2016-2017
Overall CGPA: 10.0
School Rank-1

SKILLS

Programming Languages C++, C, Python, JavaScript

Development Technologies HTML, CSS, JavaScript, jQuery, ReactJs, MongoDB, NodeJs, Express

Others Data Structures and Algorithms, Git, Competitive Programming

MAJOR PROJECTS

Portfolio website

[Link to Demo](#)

- Technical features - Responsive design, JavaScript functionality to create smooth scrolling and a dynamic navigation menu.
- Created using HTML, CSS, and JavaScript.
- Modern user-friendly design.

Blog website
